VIEW CONFLICT

THE EXPERTS PRESENTED THE
CONFLICTING VIEWS ON RAILWAY
CONTROL ADVANCED BY THE BRITISH,
FRENCH AND BELGIAN, RESPECTIVELY,
TO COMMITTEE NUMBER ONE OF THE
CONFERENCE AND ARE AWAITING FRESH
INSTRUCTIONS HOW TO PROCEED.

THE PROGRESS MADE BY THE EXPERTS
STUDYING THE RESTORATION OF
GERMAN UNITY INDICATES IT WILL BE
POSSIBLE TO HOLD A PLENARY SESSION
TOMORROW.

FRANK B. KELLOGG, THE AMERICAN
AMBASSADOR, WAS UNABLE TO ATTEND
THE CONFERENCE THIS MORNING
WITH PRIME MINISTER MACDONALD
BECAUSE HIS PRESENCE WAS
DEMANDED AT THE CEREMONIES OF
WELCOME TO THE BAR ASSOCIATION
DELEGATES FROM OVERSEAS.

THE GERMAN GOVERNMENT HAS
COMMUNICATED TO THE BRITISH FOREIGN
OFFICE ITS LATEST VIEWS ON THE
DAVIS REPORT AND THE QUESTION OF
GERMAN REPRESENTATION AT THE
CONFERENCE. THE GERMAN REPRESENTA
TIONS WILL BE PRESENTED AT THE
NEXT PLENARY SESSION OF THE
CONFERENCE.

THE FRENCH, IT IS INDICATED, ARE
NONE TOO PLEASED OVER THE
POSSIBILITY OF LOSING CONTROL OF ALL
RAILWAYS TO THE RUHR. THEY HAVE
ADOPTED A VIEW SOMewhat MORE
CONCILIATORY TOWARD THE BRITISH
POSITION THAT THE LINES SHOULD BE
RETURNED TO THE AUTHORITY OF THE
INTERALIED RAILWAY BOARD, BUT
THEY ARE STILL SEEKING WAYS TO
INSURE MAINTENANCE OF THEIR OWN
COMMUNICATIONS IN ANY EVENTUALITY
IN THE RUHR.

PREMIEER HERRIOT AND HIS
COLLEAGUES ARE STEPPING CAREFULLY,
THE CONFERENCE REPORTS INDICATE, SO AS
NOT TO DO ANYTHING TO ANTAGONIZE
THE BANKERS WHOSE SUPPORT IS
NECESSARY FOR THE SUCCESS OF THE
GERMAN LOAN, AND DESPITE THE PRESENT
DIFFERENCES, THE FRENCH PREMIER
BELIEVES IT WILL BE POSSIBLE TO
REACH AN AGREEMENT.

SIR EYRE CROWE, PERMANENT
UNDER-Secretary OF THE BRITISH
FOREIGN OFFICE, AND GENERAL NOLET,
FRENCH MINISTER OF WAR, DISCUSSED
THE RAILWAY SITUATION THIS MORNING.

THESE TWO BODIES
HAD ANNUAL MEETING

INTENSE HEAT CLAIMS IT'S FIRST VICTIM HERE

OHIO POWER MAN LOSES LIFE

Woman Also Suffers Attack from Extreme Warmth

SLIGHT RELIEF IS SEEN

Temperature is Near Top Mark for Season

Lima's first heat victim died at his home Monday as a result of the heat wave of the past two days.

Eugene Michenselder, 56, 615 N. Elizabeth, was taken sick at 2:30 a.m. at the Elizabeth plant of the Ohio Power Co., and died at 11:10 a.m.

He reported for work as usual Monday morning. After the first attack Michenselder fled to the plant and drank ice water. It is believed that this aggravated his illness.

He has been confined at the plant for the past six years as a result of his heart trouble and had apparently been in a heat stroke.

Mrs. Raymond Moore, 68, Hazelwood, was also overcome by the intense heat but was reported Monday to be at Laurel Dr. Frank Smith.

CITY SWELTERS

Lima is sweltering and suffered Sunday in the second of a series of mid-summer heat. Soon after noon the temperature soared to 97 degrees in the shade and hung at that mark until 3 p.m., being one point less than the maximum temperature record for the season.

Gradual dropping of the mercury gave relief with intermittent thunder showers between 10:30 and 11:30 a.m. Sunday followed by a gradual lowering of the temperature to near 75 degrees at midnight and 64 degrees at 4 a.m. Monday.

Short breeze Monday counteracted to a slight extent the torpidness of the blazing sun, which boosted the mercury from 84 degrees at 9 a.m. to 90 degrees at noon, three points lower than Sunday's peak.

Breaking of the hot spell is predicted by the weather man, who promises relief in thunder storms Monday night and Tuesday with only slight changes in temperature.

ROTARIANS HEAR PERUVIAN

U. S. Minister to Egypt is Also a Speaker

"Rotary is not to be confined to cities, states or countries. Rotary is meant to be international," Herbert S. Coates of Montevideo, Uruguay told Lima Rotarians at their weekly meeting Monday noon at Hotel Norma.

Coates came here as a representative of the Lima, Peru, Rotary club for the purpose of conveying to the local club the sentiments of the Peruvians.

"While down at Ohio Wesleyan university some time ago I heard of expression when world fellowship comes in, world war goes out." World fellowship is exactly what Rotary International is trying to further," Coates said.

Coates presented President John Harley with a flag of Peru stamped with the Rotary emblem. Harry Bantley, a member of the local club, gave Coates a return a replica of the Liberty Bell with a gavel for use of the Lima Peru club at its meeting.

J. Morton Howell, U. S. minister to Egypt, had an interesting talk before the club on "Egypt and Egyptian Customs." He told of the work of Herbert Carter in the excavation of the tomb of King Tutankhamen and also told of Egypt's new government.

Three nations were represented at the meeting, with Howell, Coates and the local Rotarians present.

LARGE CROWD EXPECTED TO HEAR SITE PROTEST

Crowd of young city commissioners chambers to protest its expected Monday night at the Col. I. St. Hospital site protest to be held by a committee of four appointed by Judge William Klinger.

Interest in the fight over the proposed location of the \$300,000 structure grows wider daily in the face of the commission's acceptance of the other mode by Frank Julian.

Resolutions adopted at the meeting last Wednesday night at Memorial Hall of 1,000 men will be employed at 11:30 p.m. at the commission's first meeting of last Saturday night at the Col. I. St. Hospital site for the new hospital.

SPECIAL GRAND JURY PROBES BIG DEPOSIT

CLEVELAND.—A grand jury today probed the job before the criminal intent in the deposit of \$14,000 in county funds with the Municipal Savings and Loan Co.

This was a part of the grand jury investigation of affairs of that company, and six others, in voling \$13,000,000 and all directed by Sol Peskind. The companies are all in receivership.

Special prosecutors today called for all records of the companies bearing on deposits.

FAULKNER SERVICES

Funeral services for Mrs. William Faulkner, who died Thursday at her home, 1181 W. North St., were held Monday at 9 a.m. at St. Rose Catholic church. Interment was made in Woodlawn cemetery.

THUNDER STORM SKAT EXPECTING

Skat is expecting a real thunder and lightning sometime today night or Tuesday. With oppressive heat and reports by the weatherman that storms are on the way heading toward Lima, it is felt it is to be predicted that there is a better chance for a good old fashioned thunder storm for a day or two.

when a few flashes and rumble were expected. There will be no rain much longer in preparation for a day or two.

UNREST TO END SPEAKER SAYS

Present Conditions Prophesied, Bible Students Told

COLLIER.—(By Associated Press)—The present age of economic and political turmoil presages the coming of a world revolution, with the result that war will reign in the world.

Such a period of chaos was

predicted in the Old Testament

the prophets Jeremiah, Isaiah

Amos and I. E. and according to the subject, Rev. declared.

It is the result of the killing

of Christ which will

mark until 3 p.m. being one

point less than the maximum tem-

perature record for the season.

Gradual dropping of the mer-

cury gave relief with intermit-

ting thunder showers between 10:30

and 11:30 a.m. Sunday followed

by a gradual lowering of the tem-

perature to near 75 degrees at

midnight and 64 degrees at 4 a.m.

Monday.

Short breeze Monday counter-

acted to a slight extent the tor-

pidness of the blazing sun, which

boosted the mercury from 84 de-

grees at 9 a.m. to 90 degrees at

noon, three points lower than Sun-

day's peak.

Breaking of the hot spell is pre-

dicted by the weather man, who

promises relief in thunder storms

Monday night and Tuesday with

only slight changes in temperature.

Y STRUCK BY AUTOMOBILE

Bovoro Sustains Scalp Wound Here Sunday
ITION IS SERIOUS
Good, Driver, Stops an. Aids Accident Victim

Struck down by an automobile playing in a heavily trafficked street, Nicolo Bovoro, 53 W. Third-st., lies in City Hospital in a serious condition with a scalp wound. Capital attaches entertainments for the boy's recovery. The boy was knocked to the ground at Main-st. and Third-st. Sunday by an automobile driven by H. L. Good, 735, who was driving north east.

CRED TO GROUND

Good in a report to police, said he was driving at a slow rate of over the rough road and at a street intersection with the boy ran across the path of his automobile and was struck by one and knocked to the ground. A driver stopped after the impact and aided the injured until he was taken to City Hospital in St. John's ambulance. He sustained a scalp wound. His condition is reported serious with hopes entertained for recovery.

MINT COINS MILLIONS

Money Also Made in This Country

SHING TON—(United States mints 262,178,080 domestic with a value of \$180,088—fiscal year ending June treasury department announced. Last year 1,200,000 foreigners were permitted to enter the United States. Five hundred thousand more were smuggled in. That means 1,700,000 gained access to this country.

CARRY CHINESE ACROSS

"On the upper Rio Grande,

NEED \$2,000,000 IN CAMPAIGN

Progressives Giving Attention to Campaign Details

WASHINGTON—(By Associated Press)—Organization of two committees which will play a vital role in the coming presidential campaign is engaging the attention of those who are directing the LaFollette-Wheeler candidacies. One committee to be composed of eleven members will have general charge of the campaign while the other will handle finances.

The campaign committee will have representative John M. Nelson of Wisconsin as its chairman with headquarters in Chicago, where he now is directing campaign activities. Five members will be selected by Senators LaFollette and Wheeler and the others will represent the conference for progressive political action which endorsed the candidates of both.

The finance committee will be made up of two sections—one representing LaFollette and Wheeler, the other the conference.

Indications are that Attorney General Eken of Wisconsin will head one section and that Alexander Kahn and Henry Rosenfeld of New York, will be in charge of the other.

Those in charge of the campaign are generally of the opinion that at least two million dollars will be needed to finance all of the organization work and campaign activities and that the money should be raised thru small voluntary contributions.

Senator LaFollette and his running mate continued informal conferences today with various advisers. A month or more probably will elapse before either does any extensive speechmaking.

Senator LaFollette probably will speak in New York City and perhaps at one or two other points east of Chicago. Tentative plans also call for an invasion by Senator Wheeler of industrial sections of New England and Pennsylvania and Ohio before he swings westward on an extensive speechmaking tour.

AUTOS SOLD BY POUND SEEM UNUSUALLY CHEAP

WINSTON-SALEM, N. C.—Automobiles are being sold here by the pound. An enterprising dealer who handles a low-priced car, now advertises his wares at 33 1/2 cents a pound. His advertisements set forth the weight of the cars, together with the total at so much a pound, and compares the price with that per pound of every-day necessities of life.

It is said the unique method of advertising has proved unusually successful.

EL VERSO WINS CLEVELAND CLASSIC

El Verso, winner of the 21 racing stake Saturday at New Cranwood track, Cleveland, will enter in the \$3,000 staking trot Tuesday at the Findlay meet. The cigar pacer owned by the Hill and Sprout stable, of Sandusky, has set up enviable records in the harness game this season.

In the Cranwood meet El Verso upset the dope bucket and romped to the front with "Hump" Morrison up to 14 to 1 odds winning over a dazzling field of favorites in straight heats. El Verso captured the first heat in 2:08 1/2 and annexed the second heat in the same time, leaving the favorites behind by eight lengths.

ARE DROWNED

IN ALASKA—Little Stephen Florence Kennedy, 15, died 18, and Fred Alcott, 15, drowned yesterday at 10 a.m. in the Ohio river

CHINESE CARRIED ACROSS BORDER FOR 50 CENTS; HAY COVERS OTHER ALIENS STEALING IN ILLEGALLY

Mexicans carry Chinamen across the Rio Grande for 50 cents.

Most aliens board tramp steamers which run them ashore at hidden bays and coves.

She didn't carry a handbag. We can't refuse her a look at the falls.

The border patrol will be composed of 450 rangers riding guard along the borders

in a report to police, said he was driving at a slow rate of over the rough road and at a street intersection with the boy ran across the path of his automobile and was struck by one and knocked to the ground.

The new border patrol cannot begin to stop it, either. Last year 1,200,000 foreigners were permitted to enter the United States. Five hundred thousand more were smuggled in. That means 1,700,000 gained access to this country.

Under the new regulations only 181,000 will be admitted this year.

450 GUARD 5,000 MILES

"You can make your own guess at how many of these will attempt to come in anyway," says W. W.

SOUTHERN BOLIVIA IS OPENED BY RAILROAD

MOB JUSTICE IS ON DECLINE

Lynching Dwindles Rapidly in Past Five Years

NASHVILLE, Tenn.—(By Associated Press)—That lynching is gradually being overcome in the South is indicated by a steady reduction in such crimes Tennessee during the last few years, according to a report on the subject made by James D. Burton, secretary for the Commission on Inter-Racial Cooperation.

Mobile justice is shown to be on the decline both as to number of victims and the area in which such crimes occur, the report says. For a period of 25 years, from 1900 to 1922, 72 lynchings have been reported in Tennessee. Twelve counties had two-thirds of this total, 24 others had none, says the report.

Tennessee had five lynchings during the last five years, the report added, two in 1922 and one last year.

FEMININE TALK BLAMED FOR BAD PHONE SERVICE

TOKIO, Japan—Feminine garrulity is one reason for the infelicity of the Tokio telephone service, according to an apology issued recently by the imperial telephone bureau.

The statement says that a large proportion of all calls are by women to women, and moreover when two women are talking much of the conversation is idle. To prove its point the telephone bureau used detailed statistics, the manner of compiling which it does not explain, to show how much time is wasted in various classes of telephone conversations.

When a woman is talking to a woman, it is claimed, 25.4 percent of the talk is idle and unnecessary, when a woman calls a man, the waste is 12.8 percent, when a man calls a woman, it is only 7 percent when two men talk, 10.6 percent.

On and after this date I will not be responsible for any debts contracted for by anyone other than myself.

Colonel Broome, advance officer of the world encircling attempt, who is not with MacLaren, is returning from a sightseeing tour.

MacLaren's wife is a world-wide known aviator and wife is a holder of the record for height.

There is no more cause for alarm, authorities said.

Then, shortly after 10 a.m. after the newspaper correspondents had all left the hospital, a corps of federal officers quietly removed Urbaytis from his room and took him in an ambulance to the Hocking Valley train.

THIRD-BIT HAPPY

Fifteen members of the Y. W. C. A. who were at Camp Turkey Creek, Orchard Island over the weekend, returned from their outing Monday morning a third bit happy bunch. Miss Ruth Seymour, Y. W. C. A. general secretary, announces a group of ten Central high school girls left for the camp Monday morning.

KIWIANS EXPECT BIG ATTENDANCE AT MEETING

A full attendance is expected at the Kiwi Club weekly meeting at the Herr hotel Tuesday evening when Lieut. John A. MacLaren, of the U. S. War Department Air Service, McCook Field, Dayton, Ohio, will speak on "My Transcontinental Flight."

MacLaren's wife is a world-wide known aviator and wife is a holder of the record for height.

LAWYERS MEET IN LONDON

Secretary Hughes Speaks at Cordial Welcoming

GOOD WILL IS ONLY AIM

English Legal Talent Assemblies for Occasion

LONDON—(By Associated Press)—With ceremonies elaborated by many centuries of usage, nearly 3,000 American and Canadian lawyers today were welcomed to England in ancient Westminster Hall, whose walls have stood while that kings and queens have come and gone.

Striking the keynote of the visiting delegates' pleasure over the cordiality of their welcome, Secretary of State Hughes pointed out that he and his fellow lawyers of the United States came with no political ends to serve, no differences to compose and no policies to advance, except that of understanding and good will.

The ceremony was both dignified and colorful. The visiting lawyers and their families crowded the main auditorium, while on the platform stood wigged and robed rows of kings' counsels and delegations of Canadian and American lawyers, the latter including Hughes and Associate Justice of the United States Supreme Court George Sutherland and Edward T. Sanford.

VISITORS WELCOMED

The English attorney general addressed the chancellor and presented the guests, the members of the American Bar Association, R. W. Dibble, president of the law society, and Sir James Atkins of Canada, added short welcoming addresses. The chancellor then delivered his official address of welcome whereupon Hughes responded.

The remarks of the American secretary of state were received with great enthusiasm.

The sober garb of the American statesmen contrasted strangely with the colorful costumes of the British lawyers.

Justice Sutherland also made a short response to the address of welcome.

This afternoon the lawyers were to be guests at a garden party given by Lord and Lady Philimore.

PRISON REFORM

PORTSMOUTH, Eng.—Another step towards improving the morale of prisoners has been taken by British authorities. It has been decided to abolish the "broad arrow" from prison clothes and to provide ordinary lounge suits for the inmates.

The bandit was recovering at the hospital from wounds received here last May when he was captured in a running battle with a policeman.

Saturday night federal officers were electrified by a tip that an organized attempt was about to be made to aid Urbaytis' escape.

The guard at the desperado's bedside was doubled on the strength of the tip. Early today, it was said at the federal building that the plot to free Urbaytis had "floundered."

There was no more cause for alarm, authorities said.

Then, shortly after 10 a.m. after the newspaper correspondents had all left the hospital, a corps of federal officers quietly removed Urbaytis from his room and took him in an ambulance to the Hocking Valley train.

Colonel Broome, advance officer of the world encircling attempt, who is not with MacLaren, is returning from a sightseeing tour.

MacLaren's wife is a world-wide known aviator and wife is a holder of the record for height.

TEMPERANCE RESTAURANT IS LATEST BERLIN FAD

BERLIN—Temperance restaurants are on the increase in Berlin. Whether this is due to the high price of beer and other alcoholic drinks or to an increase of the population which desires meals without drinks, the authorities do not agree.

Proprietors of the alcohol-free restaurants say the majority of their customers are total abstainers and are very much interested in the prohibition movement in the United States and other parts of the world.

PLAYERS FINED

Twenty Taken in Police Raid Face Judge Poling

Nineteen colored men taken Saturday night on gambling charges following a raid on the Charles Stewart billiard room, 1201 W. Spring st. Monday morning were fined \$5 and costs each.

Charles Stewart, owner of the building in which the blackjack game was played, was fined \$25 and costs for permitting gambling.

Those taken in the raid were: W. M. Rowe, Paul Ryd, R. R. Chavout, R. O. Robson, W. H. Lewis, Don Gillian, R. H. Boone, John Siter, George Carpenter, Sylvester McClain, Charles Stewart, Ernest Hathothe, Edward Johnson, Raymond Gallaway, Oliver Tyre, James Watson, Nathaniel Love, Robert Bobson, and Cleveland Oglebee.

CITY OCCUPATIONAL TAX HELD UNCONSTITUTIONAL

TOLEDO—The city's occupational tax was declared unconstitutional here today by Judge Milroy in common pleas court, disposing of the Doehler Die Casting Co. suit against the city. The judge held that the tax is merely duplication of similar taxes levied by the state.

INTENSE HEAT CLAIMS IT'S FIRST VICTIM HERE

OHIO POWER MAN LOSES LIFE

Woman Also Suffers Attack from Extreme Warmth

SLIGHT RELIEF IS SEEN

Temperature is Near Top Mark for Season

Lima's first heat victim died at his home Monday as a result of the hot weather of the past two days.

Eugene Michenselder, 56, 645 N. Elizabeth, was taken sick at 9:30 a. m. at the Elizabeth plant of the Ohio Power Co., and died at 11:10 a. m.

He reported for work as usual Monday morning. After the first attack Michenselder rested at the plant and drank ice water. It is believed that this aggravated his illness.

He has been employed at the plant for the past six years as a helper in the repair gang and had apparently been in good health.

Mrs. Raymond Moore, 487 Hazelwood, was also overcome by the intense heat but was reported Monday to be out of danger by Dr. Frank Smith.

CITY SWEATERS

Lima sweltered and suffered Sunday in the second spell of torrid summer heat. Soon after noon the temperature soared to 93 degrees in the shade and hung at that mark until 3 p. m., being one point less than the maximum temperature record for the season.

Gradual dropping of the mercury gave relief with intermittent thunder showers between 10:30 and 11:30 p. m. Sunday, followed by a gradual lowering of the temperature to near 75 degrees at midnight and 64 degrees at 4 a. m. Monday.

Slight breeze Monday counteracted to a slight extent the torridness of the blazing sun which boosted the mercury from 84 degrees at 9 a. m. to 90 degrees at noon, three points lower than Sunday's peak.

Breaking of the hot spell is predicted by the weather man who promises relief in thunder storms Monday night and Tuesday with only slight changes in temperature.

ROTARIANS HEAR PERUVIAN

U. S. Minister to Egypt is Also a Speaker

"Rotary is not to be confined to cities, states or countries. Rotary is meant to be international," Herbert S. Coates, of Montevideo, Uruguay, told Lima Rotarians at their weekly meeting Monday noon at Hotel Norval.

Coates came here as a representative of the Lima, Peru, Rotary club for the purpose of conveying to the local club the sentiments of the Peruvians.

"While down at Ohio Wesleyan university some time ago I heard of expression 'when world fellowship comes in, world war goes out.' World fellowship is exactly what Rotary International is trying to further," Coates said.

Coates presented President John Harley with a flag of Peru, stamped with the Rotary emblem. Harry Bentley, a member of the local club, gave Coates in return a replica of the Liberty Bell with a gavel for use of the Lima, Peru, club at its meetings.

J. Morton Howell, U. S. minister to Egypt, gave an interesting talk before the club on "Egypt and Egyptian Customs." He told of the work of Herbert Carter in the excavation of the tomb of King Tutankhamen and also told of Egypt's new government.

Three nations were represented at the meeting, with Howell, Coates and the local Rotarians present.

LARGE CROWD EXPECTED TO HEAR SITE PROTEST

Crowd, taxing city commission chambers to capacity is expected Monday night at the Coliseum site protest to be filed by a committee of four appointed by Judge William Klinger.

Interest in the fight over the proper location of the \$600,000 structure grows warmer daily in the face of the commission's acceptance of the offer made by Frank Elgarman.

Resolutions adopted at the mass meeting last Wednesday night at Memorial hall of Lima railroad employees are to be presented with the committee's official request that commission retract the Coliseum site and select a different site for the new hospital.

SPECIAL GRAND JURY PROBES BIG DEPOSIT

CLEVELAND.—A special grand jury today probed the possibility of criminal intent in the deposit of \$14,000,000 in county funds with the Municipal Savings and Loan Co.

This was a part of the grand jury investigation of affairs that company and six others involving \$23,000,000 and all directed by Sol Feskind. The companies are all in receivership.

Special prosecutors today called for all records of the companies bearing on deposits.

FAULKNER SERVICES

Funeral services for Mrs. William Faulkner, who died Thursday at her home, 1151 W. North, were held Monday at 9 a. m. at St. Rose Catholic church. Interment was made in Woodlawn Cemetery.

THUNDER STORM SKAT EXPECTING

Skat is expecting a real thunder and lightning sometime Monday night or Tuesday. With the oppressive heat and reports by the weatherman that storms are again heading toward Lima, Skat felt it wise to predict that there is a better chance for a good old fashioned thunder storm now than Sunday night when a few flashes and rumble were encountered. There will be very much chance in temperature, he announced.

UNREST TO END SPEAKER SAYS

Present Conditions Prophesied, Bible Students Told

COULDING.—(By Associated Press) The present age of economic, political and moral unrest presages the coming of a visible, temporal and world-wide reign of righteousness as taught by the present British minister H. Boyd, travelling lecturer for the International Bible Students Association, here, for the convention of the organization, declared today.

"Such a period of chaos was prophesied in the Old Testament, the Prophets, Jeremiah, Isaiah, Amos and Ezekiel confirming the greater part of their epithesis," the subject, Boyd declared. "It's coming is the signal of the millennium, reign of Christ which will encompass the entire world, and take the place of all governments now existing."

Characterizing the present as a period of decadence similar to that preceding the fall of the Roman empire, Boyd declared that he believed conditions, from the moral standpoint, particularly, gradually were becoming worse, and that while there would be no downfall of government as in the case of Rome, a reign of righteousness gradually would overspread the earth.

The more than ten thousand persons gathered from all corners of the country for the convention, today began a period of intensive study of the scriptures. Lecturers, giving their interpretations of various passages, addressed audiences which jammed the colonnade at the state fair grounds, while the listeners, Bibles in hand, followed their thoughts and noted down their references for future consideration.

All nationalities were represented at the convention.

DEMPSEY HURT

Heavyweight Champ in Auto Accident—Girl injured

LOS ANGELES.—(By Associated Press) Jack Dempsey, heavyweight champion of the world was bruised and shaken up in an automobile accident today at Santa Anna, near here, according to police reports at that city. The accident occurred while Dempsey was enroute to a movie picture "Location" with Miss Florence Lee, film actress who also was slightly injured. Three others in the party were uninjured. The accident occurred when the champion's car lost a wheel.

Stop signs, and other warnings will be placed at the principal street intersections. The city will soon erecting it is believed.

Not all of the signs are needed in Lima. Nearly half of the number purchased will be donated to other cities where the club has members.

Delphos, Kenton, Spencerville, Bluffton and Beaverdam are among the towns to benefit.

The more than ten thousand persons gathered from all corners of the country for the convention, today began a period of intensive study of the scriptures. Lecturers, giving their interpretations of various passages, addressed audiences which jammed the colonnade at the state fair grounds, while the listeners, Bibles in hand, followed their thoughts and noted down their references for future consideration.

All nationalities were represented at the convention.

WOMAN WEIGHING 600 POUNDS DIES

ANSONIA, Conn.—(By Associated Press) Mrs. Catherine Bristol, 49, whose funeral was held here yesterday, weighed in excess of 600 pounds and was buried in a casket weighing 430 pounds, the largest ever used in the state, according to the undertaker who supervised the burial.

The woman's death occurred on the third story of a Masonic building and a block and fall was used in lowering the casket from the room.

Two men acting as pall bearers carried the casket from a hearse to the grave, a distance of one hundred feet. They were obliged to put it down for rest during the short journey.

Mrs. Bristol's death, physicians say, was caused by her increasing weight. She had been unable to leave her home for three years.

STEVEN BABEK IS GIVEN FINAL PAPERS MONDAY

OTTAWA—Hearing in the criminal trial of Steven Babek, of Miller City, which was adjourned from the regular hearing a week ago, was finished Monday and Babek was admitted to United States.

He was born in Hungary and came to America by way of the port of New York in January, 1912. He was recommended by N. F. Miller of Ottawa and Matthew Krouse, of Miller City.

This was a part of the grand jury investigation of affairs that company and six others involving \$23,000,000 and all directed by Sol Feskind. The companies are all in receivership.

Special prosecutors today called for all records of the companies bearing on deposits.

TICKET ENDORSED

HARRISBURG, Pa.—The LaFollette-Wheeler ticket was unanimously endorsed by representatives of socialists, Farm-Labor and progressive parties of the state at a conference here today, when a branch of the conference for progressive political action was formed.

AUTOPSY SHOWS SABRE WOUND

New Development in Killing of U. S. Official

MOSCOW.—(By United Press) An autopsy performed on the body of Robert Imbrie, American vice-consul in Teheran, Persia, beaten to death by a religious mob last week reveals that death was caused by a saber wound on the head, a Teheran dispatch says today.

The situation is considered serious, the dispatch says, because sabers are carried only by the police.

The diplomatic corps has sent an urgent note to the Persian government, calling attention to the fact that the government's failure to prevent the attack has caused considerable apprehension among foreign residents.

An investigation of the attack continues. It is evident the mob was incited by religious agitators who accused the Americans of poisoning a sacred fountain which Imbrie had gone to photograph.

Imbrie fought vigorously with his heavy cane, knocking down several of the Persians until he finally was felled by a blow from a sword. The American tried to arise but was knocked down with a stone and his jaw broken.

The crowd evidently thinking both Americans dead, retreated. Police who had remained in the background took the Americans to a hospital. Word went around that the Americans were alive and the mob formed again, breaking in doors and windows of the hospital and attacking the two men again.

Imbrie apparently already was dead, but his body was beaten. Seymour was dragged thru the corridors and left for dead. His condition is serious.

AUTO CLUB GIVES NEW SIGNS

Warnings to be Placed at Thru Streets

Traffic signs for the principal streets in Lima will be donated to the city by the Lima Automobile Club, James J. Heffner, secretary announced Monday.

A total of 800 signs have been purchased, Heffner said, from money received for sale of license tags to non-members.

Stop signs, and other warnings will be placed at the principal street intersections. The city will soon erecting it is believed.

Not all of the signs are needed in Lima. Nearly half of the number purchased will be donated to other cities where the club has members.

Delphos, Kenton, Spencerville, Bluffton and Beaverdam are among the towns to benefit.

The more than ten thousand persons gathered from all corners of the country for the convention, today began a period of intensive study of the scriptures. Lecturers, giving their interpretations of various passages, addressed audiences which jammed the colonnade at the state fair grounds, while the listeners, Bibles in hand, followed their thoughts and noted down their references for future consideration.

All nationalities were represented at the convention.

CLEAN SWEEP

United States Take Five Titles in Olympics

WASHINGTON.—(By United Press) Senator David J. Walsh, Massachusetts, today announced his retirement as chairman of the Democratic senatorial committee. He will be succeeded by Senator Jones, New Mexico.

Walsh in resigning, said he was following the precedent that the position should be held only thru one congressional election.

The committee's work is largely advisory and cooperative with the Democratic national committee. Its chief function is to aid party candidates for the Senate.

JAMES FORD DIES AFTER SICKNESS OF FOUR YEARS

James Ford, 55, retired, died Saturday night at his home, 717 N. McFarland-st, from hardening of the arteries, after a four years illness.

Ford was born in Ottawa in 1869 and moved to Lima 19 years ago. Until a week ago the Ford's resided at 123 N. McDonald-st when they moved into their new home.

Surviving are the widow and one daughter, Mary Jane; also two sisters, Mrs. Charles Shierlin, of Ottawa; Mrs. Carl Smith, of Oxford; and two brothers, John, residing at home and Edward, of Cincinnati. His mother also survives him.

The deceased was a member of St. Rose Catholic church, the Elks, and Moose lodges and the C. T.

Services will be conducted at St. Rose church, Tuesday at 8:30 a. m. The body will be accompanied to Ottawa for burial.

Loring was unable to pay the fine and costs and is to be committed to jail in default. Whether an appeal will be made by the prisoner to escape payment under the ruling made by Judge J. H. Hamilton that wife is a home and not illicit was not made Monday by the defendant.

WINE POSSESSION ENDS IN FINE OF \$100 HERE

Fine of \$100 and costs for possession of approximately 25 gallons of wine was imposed Monday morning in criminal court by Judge Neil R. Poling against Henry Lamp, laborer, of 527 S. Central-st.

Lamp was unable to pay the fine and costs and is to be committed to jail in default. Whether an appeal will be made by the prisoner to escape payment under the ruling made by Judge J. H. Hamilton that wife is a home and not illicit was not made Monday by the defendant.

STEVEN BABEK IS GIVEN FINAL PAPERS MONDAY

OTTAWA—Hearing in the criminal trial of Steven Babek, of Miller City, which was adjourned from the regular hearing a week ago, was finished Monday and Babek was admitted to United States.

He was born in Hungary and came to America by way of the port of New York in January, 1912. He was recommended by N. F. Miller of Ottawa and Matthew Krouse, of Miller City.

Boom Pushed By Mrs. John Cable

CANTON.—Two minutes after their automobile had struck Harry Arbenz and carried him 500 feet, inflicting serious injuries, a light coupe driven by Ray Keck and Leroy Oberlin, turned over in a ditch on the Canton-Middlebranch road and was demolished.

Arbenz was carried on the hood of the Keck machine for 500 feet before he was thrown or fell off. Keck did not stop his car, but careened down the highway striking another machine. Keck, a minor, is being held by county authorities, pending the outcome of Arbenz' injuries. Hospital authorities say he will die.

Congressman Cable is rapidly recovering from an injury that for a time, threatened the sight of the eye. A splinter from a box he was unpacking at his home here penetrated the eyeball and caused a cataract to form.

Within a few days Congressmen Cable will be able to leave the hospital and take active charge of his campaign for the Republican nomination for governor.

Here again Mrs. Cable will play a prominent part. She will take the wheel of their automobile and will pilot it through the state on his speaking tour.

If Cable wins the nomination, his friends point out, no small part of the credit will be due Mrs. Cable for her efforts during the campaign.

DAVIS AT WORK ON ADDRESS

Studies Mass of Data While on Vacation

DARK HARBOR, Maine.—(By Associated Press) Preparatory work on his address, accepting the Democratic presidential nomination was started today by John W. Davis in a temporary workshop which has been set up in the studio building of Charles Dana Gibson, his host on Seven Hundred Acre Island near here.

A mass of data on foreign and domestic problems which was gathered together at New York was taken to the Gibson home by his secretaries and Davis will be seated in the studio building to accept the nomination.

The defense used up all of its challenges in cutting down the number of women jurors. Five of the seven women who were seated in the box at the start were excused, but in one case another woman was put on.

The present grade crossing has long been scored as a potential death trap.

County and city commissioners, for once in

BY STRUCK BY AUTOMOBILE

cata Bovoro Sustains Scalp Wound Here Sunday

CONDITION IS SERIOUS

L. Good, Driver, Stops an Aids Accident Victim

Struck down by an automobile while playing in a heavily trafficked street, Nicolo Bovoro, 5, 159 W. Third-st, lies in City Hospital in a serious condition with a scalp wound.

Hospital attends entertainers for the boy's recovery.

The boy was knocked to the pavement at Main-st and Third-st at 8 p.m. in a automobile driven by H. L. Good, 735 Main-st, who was driving north to Main-st.

LOCKED TO GROUND

Good in a report to police, said he was driving at a slow rate of speed over the rough road and the street intersection with Main-st. He ran across the seat in the path of his automobile and was struck by one end and knocked to the ground.

The driver stopped after the accident and aided the injured until he was taken to City Hospital in St. Peter's Ambulance, his sustained a scalp wound his condition is reported serious with hopes entertained for recovery.

Under the new regulations only 161,000 will be admitted this year.

NEED \$2,000,000 IN CAMPAIGN

Progressives Giving Attention to Campaign Details

WASHINGTON—(By Associated Press)—Organization of two committees which will play a vital part in the coming presidential campaign is engaging the attention of those who are directing the LaFollette-Wheeler candidacies. One committee to be composed of eleven members will have general charge of the campaign while the other will handle finances.

The campaign committee will have Representative John M. Nelson of Wisconsin as its chairman with headquarters in Chicago, where he now is directing campaign activities. Five members will be selected by Senators LaFollette and Wheeler and the others will represent the conference for progressive political action which endorsed the candidacies of both.

The finance committee will be made up of two sections—one representing LaFollette and Wheeler, the other the conference.

Indications are that Attorney General Eken of Wisconsin will head one section and that Alexander Kahn and Henry Rosenfeld of New York, will be in charge of the other.

Those in charge of the campaign are generally of the opinion that at least two million dollars will be needed to finance all of the organization work and campaign activities and that the money should be raised thru small voluntary contributions.

Senator LaFollette and his running mate continued informal conferences at one time with various advisers. A month or more probably will elapse before either does any extensive speechmaking.

Senator LaFollette probably will speak in New York City and perhaps at one or two other points east of Chicago. Tentative plans also call for an invasion by Senator Wheeler of industrial sections of New England and Pennsylvania and Ohio before he swings westward on an extensive speechmaking tour.

AUTOS SOLD BY POUND SEEM UNUSUALLY CHEAP

WINSTON-SALEM, N. C. Automobiles are being sold here by the pound. An enterprising dealer who handles a low-priced car, now advertises his wares at \$3 1-3 cents a pound. His advertisements set forth the weight of the cars, together with the total at so much a pound, and compares the price with that per pound of every-day necessities of life.

It is said the unique method of advertising has proved unusually successful.

ALASKA CHASES BLUES

CHICAGO—Lonely men on the Alaska halibut are entertained over the radio. Jazz and concerts in San Francisco, Los Angeles and Seattle. The schooner was the first vessel of northern fishing fleet to be equipped with radiophone. Others

SOUTHERN BOLIVIA IS OPENED BY RAILROAD

BUENOS AIRES—Railroad access to rich territory in southern Bolivia has been made effective by the opening of a stretch of new line connecting the Bolivian town of Tupiza with the Argentine state railroad system at the border town of La Quiaca. Bolivian products of this region including petroleum and various minerals, can now be transported by rail to Buenos Aires or to ports on the Parana river.

Within another year this line will have been extended northward to Atocha, where it will connect with existing rail line to La Paz, the Bolivian capital and provide a new outlet for the foreign commerce of the entire country, which now has to go by the Pacific ports of Arica and Antofagasta in Chile, and Mollendo in Peru. It will also make it possible to travel from Buenos Aires to Lima, Peru, by rail, except for the boat trip across Lake Titicaca, and will complete another link in the projected Pan American rail route from Buenos Aires to New York.

SHIP CREW LOST

57 Drowned When Japanese Freighter Sinks

TOKIO—(By Associated Press)—Fifty-seven persons drowned when the Nippon Yusen Kaisha freighter Matsuyama Maru foundered off Goto Island July 11, according to a report received here today from the Kobe office of the company.

The freighter was an old vessel without radio and carried no passengers.

The ship carried down with her all her officers and crew except one foreman who was picked up by a trawler and brought to Kobe.

The survivor said that a typhoon which the general unsworthiness of the ship had caused the officer to ride out, caused the disaster.

MOB JUSTICE IS ON DECLINE

Lynching Dwindles Rapidly in Past Five Years

NASHVILLE, Tenn.—(By Associated Press)—That lynching is gradually being overcome in the South is indicated by a steady reduction in such crimes Tennessee during the last few years according to a report on the subject made by James D. Burton, secretary to the Commission on Inter-Racial Cooperation.

Non justice is shown to be on the decline both as to number of victims and the area in which such crimes occur, the report states. For a period of 2 years, from 1920 to 1922, 73 lynchings have been reported in Tennessee. Twelve counties had two thirds of this total, 24 others had one each, and 60 counties had none, says the report.

Tennessee had no lynchings during the last five years, the report added, two in 1922 and none last year.

FEMININE TALK BLAMED FOR BAD PHONE SERVICE

TOKIO—(By United Press)—Fog prevented Major A. S. McLaren, British round-the-world aviator, from hopping off from Tokio Bay, Irumu Island, for Paramushir, northernmost of the Kurile Islands, according to a wireless message received here from the Japanese destroyer Isako.

The freighter was an old vessel without radio and carried no passengers.

The ship carried down with her all her officers and crew except one foreman who was picked up by a trawler and brought to Kobe.

The survivor said that a typhoon which the general unsworthiness of the ship had caused the officer to ride out, caused the disaster.

CRUSADERS UNITE TO END USE OF TOBACCO

LEIPSIC, Germany—An anti-tobacco movement has been launched here and, say the promoters, an anti-strong drink campaign will soon follow.

The Union of Enemies of Tobacco, in session here considered the question of smoking among German women which it was contended, was spreading at an alarming rate. Speakers estimated that many thousands of girls and women, from 15 to 50 years old, had taken to the cigarette within the last few years.

It is proposed, by law or otherwise, to make cigarettes unsmoking less popular among the women and after this move has met with success, then to begin on the men users of tobacco. Nicotine-laden cigars and cigarettes have appeared recently in Germany, but the Union of Enemies of Tobacco say their members have no interest in these brands, and that their purpose in life is to abolish tobacco smoking altogether.

Non justice is shown to be on the decline both as to number of victims and the area in which such crimes occur, the report states. For a period of 2 years, from 1920 to 1922, 73 lynchings have been reported in Tennessee. Twelve counties had two thirds of this total, 24 others had one each, and 60 counties had none, says the report.

Tennessee had no lynchings during the last five years, the report added, two in 1922 and none last year.

FLIGHT DELAYED

MacLaren Held on Island by Heavy Fog

TOKIO—(By United Press)—Fog prevented Major A. S. McLaren, British round-the-world aviator, from hopping off from Tokio Bay, Irumu Island, for Paramushir, northernmost of the Kurile Islands, according to a wireless message received here from the Japanese destroyer Isako.

The freighter was an old vessel without radio and carried no passengers.

The ship carried down with her all her officers and crew except one foreman who was picked up by a trawler and brought to Kobe.

The survivor said that a typhoon which the general unsworthiness of the ship had caused the officer to ride out, caused the disaster.

YEGG IS TAKEN TO TOLEDO

Attempt to Free Urbayis Nipped by Officers

COLUMBUS—(By United Press)—Joe Urbayis, notorious Toledo postoffice bandit, was removed from White Cross hospital under a heavy federal guard today and put aboard a train bound for Toledo.

Authorities worked under cover attempting to keep the removal secret until Urbayis is safely behind the bars in Toledo.

Police and deputy marshals refused to discuss the case.

The bandit was recovering at the hospital from wounds received here last May when he was captured in a running battle with a policeman.

Saturday night federal officers were disturbed by a tip that an organized attempt was about to be made to aid Urbayis' escape.

The guard at the desperado's bedside was doubled on the strength of the tip. Early to day it was said at the federal building that the plot to free Urbayis had "blown up."

There was no more cause for alarm, authorities said.

Then shortly after 10 a.m. after the newspaper correspondents had all left the hospital, a corps of federal officers quietly removed Urbayis from his room and took him in an ambulance to the Hocking Valley train.

TIRED BUT HAPPY

Colonel B. Boone, advance of fear of the world ending attempt, who is not with Major Burton, is recovering from a slight illness, the message said.

KIWANIS EXPECT BIG ATTENDANCE AT MEETING

A full audience is expected at the Kiwanis club weekly meeting at the Barr hotel. The day noon when Lieutenant J. A. Macrae, of the U. S. War Department Air Service, "Rock" field Dayton, Ohio, will speak on "My Transcontinental Flight."

Macrae, who is a world wide known as "Rock" and who is the holder of the record for height, is a member of the Dayton Kiwanis club.

LAWYERS MEET IN LONDON

Secretary Hughes Speaks at Cordial Welcoming

GOOD WILL IS ONLY AIM

English Legal Talent Assembles for Occasion

LONDON—(By Associated Press)—With ceremonies elaborated by many centuries of usage, nearly 3,000 American and Canadian lawyers today were welcomed to England in ancient Westminster Hall, whose walls have stood while thrones and queens have come and gone.

Striking the keynote of the visiting delegates' pleasure over the cordiality of their welcome.

The Lima News

AND TIMES-DEMOCRAT

Published every afternoon in The Lima News Building, 121 E. High-st., Lima, O. Entered at the
Lima, O. postoffice as second class mail matter.
EARL R. LEACH, Managing Editor.

Davis Fills Bill

Throughout the country there are thousands of voters who continually give the excuse that they do not vote because politics is made up from a class of men who in the majority of cases are grafters and professional politicians who follow the game for personal gain. And so they stay away from the polls. There are others who will not affiliate with any party. This class is accustomed to criticize, sometimes very harshly. In advance of a national convention they are wont to single out an individual who, in their opinion, is the logical candidate. Always men of eminent mark. In the nomination of John William Davis, figuring from the highest ideal, this class will have little room to kick. The independents should be satisfied because Davis must stand in the exalted class and far above the ranks of demagogues and grafters.

It seems certain that the Democrats have taken note of this most important point, and independent voters ought to consider the matter as affecting the future.

Davis must be a man in strict accordance to the ideals of this independent class of good sound business and professional citizens, who have ridiculed the ballot in the past, because the candidate was below them. In this selection they have a man great in all that should eminently fit him for the office of chief executive; great in diplomacy and among learned legal talent, great in the law; sound, correct in his views and deductions. There could be no better selection in the length and breadth of the country, whether he be Democrat or Republican, than Davis.

For this reason, the much heralded and now realized third ticket, should have little effect on the Democratic ticket, the bolt of Burton K. Wheeler to the La Follette camp notwithstanding.

Save The Fish

A 20-pound muskellunge was hooked by a fisherman in Sparrow Lake, Ontario, Canada the other day. He landed it in his rowboat. Now, a 20-pound "bunge" in a rowboat is about as genial and active as a wildcat.

This fisherman, Bill Sparling, was alone in his boat—no one to advise. Also, he was a "city feller," had never before caught anything a fourth as big. Nothing in his rowboat to kill the "bunge" by a whack behind the eyes. But he happened to have a loaded shotgun.

So he blew off its head—also blew a big hole in the bottom of his boat. An Ojibway Indian rescued him before he drowned among the weeds.

Fishing is an exciting game—when they're striking. That's why hundreds of thousands of Americans are vacationing with rod and line just now.

Fishing and hunting are the most ancient industries of man. They existed long before agriculture. When a man fishes, he answers the call of the wild inherited from barbaric ancestors.

No real sportsman ever catches and kills more fish than will be eaten. To do so is vandalism.

All anglers know that the streams and lakes of our continent are gradually being

"fished out." Restocking is unable to keep up with catches. Accordingly, good sports will make use of this fact:

When you catch a fish too small to keep, always handle him with wet hands. A dry hand is almost certain to kill the fish, for it ruins the oily protective film over the scales.

Another thing: An angler, enraged because the fish isn't large, often hurls it viciously far from the boat. This is to kill the fish within a few days. It isn't made of iron. And water is hard, as you know if you ever hit a flat with your stomach in diving.

Play the game fairly. Be a good sport. Help conserve our vanishing fish resources.

Where Will It End?

She who was Marguerite Clark, famous stage and screen star, but who, for six years past, has been wife of a mighty lucky husband, Harry Williams of Patterson, La., writes that she is playing her greatest role that she finds happiness in raising chickens, working among her flowers, and attending to household duties. "I believe," she says, "I could find similar happiness if I had to work hard in a smaller home."

A good many heads of city homes are being convinced that there must come a return of woman's ideals to something like Marguerite Clark's, or there will be a crash, moral and domestic. In such homes, the children are coming to care less and less for the home life.

It is go, go all the time. Dances, joyrides, theater parties, one-piece bathing parties, card parties, cigarettes, face paint, lipsticks—a continual urge for "thrills."

The rapidly, rash and daring of business life, in these days, are nothing compared to the rapidly, daring and sophistication of youth. A good many fathers are anxiously asking what the rising generation will become, where will all the "thrill" lead, when will come the social breakdown.

All that fame, public applause and big pay could give, Marguerite Clark had, but she finds her greatest happiness in working in her home, and the home is the foundation of civilization.

How many Lima youth have home-making as their ideal of happiness?

Petting Parties

The old-time Kansas Anti-Horse Thief Association is being revived to campaign against sweet patooties who use public highways for petting parties, mostly in autos.

As a matter of fact, there aren't any more petting parties now than there used to be. It seems as tho this isn't true, however, when one drives out over Allen-co highways at night, but ask any veteran livery stable-keeper about "hoss and rigs" he used to rent to young fellows "sparkling" their sweethearts.

Sex appeal is about the same in one generation as in another. When it seems intensified, it's usually a case of less secrecy.

Mistaking the house next door for your own, at night, is very bad on the reputation.

People should go slow with their maturing, it may be their best wedding for several years.

'ROUND LIMA HOUR BY HOUR

BY OH, OH JACKENRIM

on schools, and may want more. Marriage license rates are not schools always want more, even so flourishing as during the war, politics seem unable to make the and this must be speeded up if my grub. Then, overlate to the number of cute girls six years we are to be a city of 100,000 to olds grow less.

Three millions being spent on our power, with morning set to fully recovered from an attack of the sewage. Which means rheumatics which laid him low another half million, or so. What a instant matters little, for old Schmitz, the Chicago bar-b-istiner, we are spending \$22,000,000. For which every motorist, and biker, will cast his vote. Especially, if he doesn't own property.

Our water works are doing late in well spending about a third million. This for the city, the pot of java. This done, to my not yet ready to build its submarine hospital. Against which stand solidly Don Henderson, General Hall, and 34,593 other residents.

Individual spending. Fords, Chevrolets, Dodges, Buicks, Crysler's, Overlands, Maxwells, continue to turn corners faster than mushrooms ever grew. The aristocratic cars are not so plentiful, but more gas is burned every day than was consumed in a year a decade ago.

Turning farms into thousand dollar lots has been the most popular outdoors sport this year. While mat, long and hooch are running neck and neck for indoor hours.

"Don't repeat this, for I promised my barber I wouldn't tell a soul, but he says 't Bud's hair's happy,'" we heard Mrs. Em. Meets my today. Delegate Art Nimitz a home from the dimmest basement about his

15 the afternoon, last three fifty-centers in creek and pond, and paid 60¢ to my companion for his superior efforts. It being a bad day, the my wife, poor wretch, had started it very cheerfully, by showing where I had burned a hole in my trousers leg right at the crease.

Home and dined on a lamb chop, with creamed potatoes, and cake from the neighbor's for the sweets.

So, after reading awhile in Park Toples, which speaks more frankly than does our native press, early to bed.

CALLING IN THE EXPERT

LIMA NEWS HEALTH SERVICE

By DR. WILLIAM BRADY

In a number of recent talks bearing on the evil habit of dosing babies with medicine on suspicion, as it were, we have tried to emphasize one important, if unpopular fact, namely, that the impulse to inflict upon the baby the first dose of medicine or any of the subsequent doses generally arises from the mother's lack of knowledge of the care of the baby—a form of ignorance which is cultivated in most common schools. There was a rumor recently that a class of college girls in Minnesota—where education is epidemic—had a baby and members of the class were taking turns caring for the baby under direction of an expert. This sort of thing was news because it seemed so novel and unusual for young women to learn anything about the intelligent care of an infant in school, our schools are failing when you come to consider how they still alone without teaching anything human.

The usual cause of constipation in infants is inadequate food, and the sensible way to prevent or remedy the trouble is by seeing to it that the infant shall receive adequate food, not physic.

This calls for the exercise of a little intelligence and pains to select and prepare the food if the infant is artificially fed; infant parents prefer to rely on castor oil.

A breast fed infant ordinarily

has two or three movements daily. A bottle baby ordinarily

has but one movement daily, and

sometimes skips a day. Even this is one movement.

In the first few months of artificial feeding, is generally small and dry, and the mother must learn to resist that evil impulse to ply the baby with physic.

The bowel function will be helped or stimulated to better purpose by the gradual increase in the strength of the milk modification and the gradual additions made to the baby's diet in the course of a few months.

The mother should be assured that, contrary to the

neighbors' morbid notions and

the mischievous suggestions of

the unprofessional nurse, simple

constipation in a baby is not a

sufficient excuse for dosing without medical advice.

Constipation does not lead to any serious illness.

At the worst it is the less

of two evils, when the alternative

is physic, suppository or enema.

Stop that corn this new way

HERE is instant and immediate relief from that corn. All the pain gone in a minute, and soon the corn itself gone. Get Blue-jay at your druggist. A noted scientist discovered it—different from any other corn remedy. Don't say "with dangerous fumes, unsafe, acridic, quick." Use it tonight. Walk in comfort tomorrow.

Blue-jay

stricken at the suggestion of some incompetent adviser and to the detriment of the baby.

Something in fresh milk (probably a vitamin) appears to have a specific action in aiding intestinal digestion and peristalsis (toward wave movements). This is lacking or deficient in the substitutes too commonly used in infant feeding. Even the heating process called pasteurization probably predisposes to constipation, and so a pure, raw milk, certified milch in this most perfect product can be had, is always best for the baby.

JUST FOLKS

BY EDGAR A. GUEST

THE PURPOSE
"Why do you peddle your fruit?"
said a
To a huckster of melons who wondered by.
"Why do you shout from the dawn to gloom?"
Said he: "For the wife and the
kids at home."
"Why do you dig in the ditch?" I
asked
Of a grimy laborer, sorely tasked.
And this was the reason such
work he did:
"I gotta da wife. I gotta da kid!"

On they went down the busy
street.
Eager toilers with hurrying feet;

Butcher, baker and banker grave,
Why do they work and why do
they save?

What is it moves them to work
and plan?
What is the motive of every man?

Stop and ask him what holds him
fast,
Dreaming and striving to serve at
last.

Polished speech or an accent
queer,
This is the purpose that you shall
hear.

Each shall tell, as the digger did:
"I gotta da wife. I gotta da kid."

This is the purpose which rules us
all,
Home and the wife and the children
small.
(Copyright, 1924)

A THOUGHT

A reproof entereth more into
a wise man than a hundred
stripes into a fool.—Prov. 17:10.

Better a little chiding than a
great deal of heart-break.—
Shakespeare.

How to build up your Weight

To be under weight often
the body. It often means you are
losing nerve-power, minus red
cells in your blood, minus
health, minus visibility. It is
serious to be minus.
The moment you increase
the number of your red
blood-cells, you begin to become
plus. That's why S. S. S. since
1926 has meant to thousands of
underweight men and women a
plus in their strength. Your body
will to the point of power. Your
flesh becomes firm. The age of
old flesh becomes firm. The age of
old flesh disappears. You look younger, more
happier, and you feel it, too, all
over your body. More red blood-cells! S. S. S. will build them.
S. S. S. is sold in the
drug stores. The
larger size is more economical.

STATE'S CATARRH
IS DANGEROUS

Is Real Cause for Many Ailing
Conditions, Declares the
Plant Juice Man

RINGING IN EARS IS GONE

When catarrh gains a hold it
usually has a far-reaching effect
over the system in general and
causes many ailing conditions to
arise. It is a dangerous disease,
according to The Plant Juice Man,
who is well known in this city.

MR. GEORGE LUMLEY
"A great many people don't
know it but catarrh is dangerous,"
said The Plant Juice Man. "Many
people believe that catarrh is sim-
ply a distressing and distasteful
condition which a person must
keep on enduring once he gets it,
but this is not at all right because
you do not have to keep on putting
up with catarrh, since there is
medical relief to be had, nor is it
simply a distressing condition but
is a dangerous disease."

"In time, catarrh will cause the
bones of the face to rot and decay,
resulting in an emaciated appear-
ance and it sometimes creeps down
the throat to the lungs. It causes
constant discharge of mucus
from head, nose and throat; weak-
winded eyes; deafness; awful
headaches and a ringing sound in
head and it gradually spreads
through the system, affecting the
stomach, liver and kidneys."

This Plant Juice medicine has
such a splendid effect upon the in-
terior system as a cleanser, toning
agent, purifier and invigorant that
it has proved unusually beneficial
in many catarrhal cases.

Mr. George Lumley, of 532 Gal-
ena-st., Toledo, Ohio, said: "I had
catarrh for years. I had a con-
stant ringing noise in my ears and
awful mucus in my head all the
time. Plant Juice gave me such
blessed relief that the ringing
sound has left my ears; mucus is
gone from my head and I feel like
a new man."

Plant juice is sold in Lima
at the Hunter drug stores, 42 Public
Square and Main and Waynes-
boro, and at the Argonne drug store,
oppo. Post Office.

THE JEWELLED CASKET

BEGIN HERE TODAY

A slender man of education and breeding, becomes a master thief upon other thieves. Working on Fifth Avenue, he does a hand-to-hand struggle, a bunchback, and then runs a auction sale he sees Marcus Anderson, a man who became rich and then buy a golden jewel for \$65,000. Later he is seen with a bunchback and a notorious crook as the White Eagle, and then in a town car for a modest residence in the upper East side, passing as a man of leisure. John Ainsley, the character of the man in the neighborhood.

NOW GO ON WITH THE STORY

The grocer grinned. "It ain't hard to remember them," he said.

"That's exactly my point," I told him. "You give me a list of your customers who pay their bills promptly, and I'll give you 10 per cent on every sale I make."

"And for your trouble, so you'll know your time isn't wasted, I'll give you twenty dollars."

"Enough," said the grocer finally. "And he took me off."

A little later I left him, armed with a list that would have been given to a yellow newspaper by the great public. I had been interested to learn of some of the fashionable houses I ever paid a bill, even a cent, until a court summons was served upon them. For the most part, simple-minded soul, I gathered me the names of those to avoid as well as those to visit. He would have been surprised had I shown me in my own apartment a little later, carefully describing his list. What I wished to find out from my friend the grocer was the personnel of the neighborhood, before which Anderson's town-car had stopped. And he should know that personnel for the tradesmen who supply the house with food? And so I had learned in casual conversation without seeming to ask for information.

The Duc de Montarlier, then, was the gentleman who had rented the house for a term of twelve months in a private house on the near the Avenue. He was a distinguished-looking man, a secretary, Raoul Lefter, paid all his bills, paid him every week. The other French servants had acquired a staff of Japanese help from an employment agency, and so far as my friend could learn, the Japs not only did the cooking but ran all the household machinery. There were no men employed in the house.

I started to come in the pub-

lican, so I went over the list, and I paid off, of that New York, and I noted most

to the list of social

clubs, only as I studied

the list of society columns, I

gathered the name of the

old Master et cetera.

White Eagle, then, had ac-

quired no social prominence. That

was one of two things—that he

had not yet been recognized, or that

he was working with a definite ob-

ject, and not merely making the

parties of numbers of rich

sons whom he hoped to rob

when he was safe to assume that

Anderson was his definite

target. Anderson was

enough to be legitimate game

for the Frenchman, and despite

the eagle's stupid enough to make

the White Eagle feel certain of

but he had not robbed Anderson. That was obvious. The

White Eagle was not the sort to

rob after the carcass was

in bed that night? I asked

myself the question: what,

and how?

My friend's answer

was that he had not

robbed Anderson.

He had not

robbed him.

He had not

GAINS SCORED BY STOCKS

Early Fractional Price Increases as Dealings Continue

INVESTMENT RAILS GO UP

Buying Influenced by Week-end Trade Report

LIBERTY BISCUIT 192.15
First 145
Second 145
Third 145
Fourth 145

NEW YORK — (By Associated Press) — Stock prices pointed upward at the opening of today's market as advances were limited to fractions, with the exception of Willys-Overland preferred which gained a point. Oil and copper shares manifested group strength and movement of the low priced rail issues again reflect a spirited demand.

The advance gathered momentum as trading progressed. Investment rails developed fresh strength, with Atchison, New York Central and Union Pacific mounting to the year's highest levels.

Various specialties also forged ahead, including Dupont, Goodyear, up 2 to 4 points. Louisville and Nashville rose 2 points, gains of a point or so were made by some low-priced rails, copper issues and other specialties favorites. Rock Island 7 per cent preferred and Utah and Kennecott Coppers rose to 1922 prices.

Price exchanges opened firm.

Prices continued to forge upwards during the morning, buying influenced by week-end trade reports and progress at the London reparations conference.

Rail issues which had not participated extensively in last week's advance came to the fore, among the Erie issues, Chicago and St. Louis preferred and Chicago and eastern Illinois, all at new 1924 cans. Several strong spots developed among the specialties, including Transue-Williams Biscuit, Wiles Biscuit and Stewart, all up to 2 1/4 to 5 cents. Call money opened at 2 1/2 per cent.

Stock prices continued to mount to higher ground today on reports of improved trade conditions and prospects for the early utilization of the Dawes reparations plan. Copper and rails made impressive demonstrations of group strength while a number of specialties moved up under favorable auspices. Sales approximated 1,000,000 shares.

The closing was strong.

IRPO AND GIRL ARE HELD

Secretary Doesn't Know

Northland. Weakening Story

NEW YORK — (By United Press) — Luis Angel Firpo, South American heavyweight, who arrived here today for a match with Harry Wills, was taken to Ellis Island, on a technical charge that his passport was improperly issued.

With the boxer was taken Sen. Blanca Lourdes, who adjoined him during the voyage from Montevideo aboard the steamer American Legion. Lourdes' passport was

Havana, where the American did not touch and she and Wild Bull of the Pampas, were detained upon her attempt to leave the liner with him.

The señorita told them she Firpo's secretary, but under ironing, demonstrated complete ignorance of shorthand,ography or typewriting.

Those who met the fighter at quarantine had commented upon his sprightly appearance. The while, slovenly, awkward and American had spruced up neatly dressed and apparently in high spirits. He had just

out on an interview, saying Dempsey was lucky to win when they met last time and that he would take the heavyweight championship back to Buenos Aires when immigration officials

arrived in and Firpo's troubles, those of Jack Johnson, became

Firpo and Señorita Lourdes have a hearing before a board of immigration officials tomorrow. For the night they will be detained at Ellis Island, where their luggage was taken this afternoon.

W. DIRECTORS MUST PAY CLAIM OF \$100,000

SYRTON — John A. Best, receiver of the Springfield National Bank at Springfield, was authorized Monday by Federal Judge E. Sater to compound a sum of \$100,000 against former directors of that bank in winding up affairs of the institution.

The amount authorized \$100,000 will be paid to the receiver of the bank before August 15 from the estates of Conrad Nagel and S. E. Decker, deceased, and from H. S. Decker, A. F. Baker, George S. Young, C. A. Young, William Mills. That amount represents a full settlement on part of the directors named the two estates involved for their negligent acts in the conduct of the affairs of the bank by A. H. Penfield, cashier, who enabled to embezzle the funds of the bank to the extent of the bank was insolvent and ordered closed by the compressor of the currency, according to the entry filed with the local court Monday.
